

# Welcome Back Bluebirds

For decades, citizen science has helped increase bluebird populations. Join us for a program on bluebird biology and learn how to attract and enjoy these wonderful birds.

Date: Saturday, April 22, 2023

Time: 11 AM

Location: Waters Edge Meeting Facility

Learn about:

- The natural history of bluebirds
- What the state parks are doing to conserve and protect bluebirds
- Creating and monitoring a bluebird nest box trail
