CAMPING - Camping is allowed only in designated campgrounds and only after following the proper check-in procedure described in the Reservation and Fees Guide available at the park office.

Campsite occupancy is a maximum of six people or the number of people in a single household. This includes both standard campsites and equestrian campsites. Two camping units are allowed per campsite; only one axled camper is allowed per site. All camping units, equipment and vehicles must be placed within the perimeter of the designated campsite without infringing on adjoining campsites or vegetation. Where high-impact areas are designated, all camping units, equipment and vehicles must be within the area's defined borders.

Primitive campsite occupancy is a maximum of six people or the number of people in a single household, and the group campsite can accommodate up to 42 people. Two camping units are allowed per campsite; no axled campers are permitted in these sites, and at the Branch Pond sites no trailers are permitted at all due to road restrictions.

Park in designated areas only.

PARKING - Only two motor vehicles, as well as the camping unit, are permitted on a campsite without incurring additional fees. Cabin guests are allowed two vehicles for a one or two-bedroom cabin, three vehicles for a three-bedroom cabin and six vehicles for a six-bedroom cabin per day without an additional parking fee charge. Those with additional vehicles must pay a parking fee for each day the vehicle is in the park. The number of vehicles allowed to park at the cabin varies according to site design and other factors. All vehicles must be parked in designated areas, either at the cabin or in the designated overflow parking area. Primitive and hike-in sites may have specific parking restrictions.

All vehicles must be parked in designated areas. Lock valuables in your trunk and keep your vehicle locked when unattended.
