

## NOTICE OF INTENT TO AWARD

### 2017 Virginia Nutrient Management Plan Writing for Golf Courses

The Virginia Department of Conservation and Recreation (DCR) intends to award funding for ten grant projects utilizing appropriated Virginia Water Quality Improvement Funds. These ten projects are in response to the *2017 Virginia Nutrient Management Plan Writing for Golf Courses Request for Applications*, DCR Document # (DCR199–216), (10/2016), issued October 20, 2016.

The purpose of these grant awards is to support projects to develop nutrient management plans for the areas that receive nutrients on Golf Courses. The Virginia Department of Conservation and Recreation (DCR) has made grant funding available for Virginia Certified Nutrient Management Planners certified in the Turf and Landscape Category to write nutrient management plans for Golf Courses operating as a business across all watersheds in the Commonwealth of Virginia.

Competitive Negotiation for grant funding requires the list of projects selected for grant awards be made available for public review and comment for at least 30 days prior to executing the official grant agreements.

#	Applicant /Sponsor	Estimated Total Acres to be in Nutrient Management	Grant Award Amount
