

Jr. Naturalist

at Hungry Mother

Mondays and Wednesdays - 10 a.m. - 12 p.m.

Meet at Picnic Shelter 2

June 13 and 15: What's an Ecosystem?

Let's get to know each other and take a hike to look at what is in an ecosystem.

June 20 and 22: Life Finds a Way

Life in the wild is challenging. Come explore the tricks organisms use to survive.

June 27 and 29: World Wide Web

Let's get tangled up in a food web and figure out the rolls and participants.

July 11 and 13: Green Means Grow

Plants are the foundation of an ecosystem. Let's figure out why.

July 18 and 20: Everyone Eats

Animals have some unique adaptations that help them eat. Come take a look at their teeth to find out what they eat. No program offered on July 4 and 6. Join us instead for 4th of July activities hosted throughout the day.

July 25 and 27: Let's Break it Down

Could you imagine how gross things would be without mushrooms and bugs? Let's find out what they do.

August 1: Picnic

Participants have worked hard to figure out ecosystems. Let's celebrate with a cookout and take a hike to appreciate our own ecosystem. No program offered on July 27.
